Thumb Butte Mine Project

Need

The Thumb Butte Mine is located 25 miles west of Kingman, Arizona on land managed by the Bureau of Land Management's (BLM) Kingman Field Office. The Thumb Butte Mine Project consists of installing access barriers and fencing to reduce public safety risks and to protect sensitive wildlife habitat and cultural resources. The project is scheduled to begin in November 2009 with completion planned by January 31, 2010.

Recovery Act Funding

Information about the funding allocated for this BLM-Arizona American Recovery and Reinvestment Act (ARRA) project will be released after the contract has been awarded.

Benefits

The reclamation work will contract for closure of dangerous shafts and adits to prevent entry by the public, thereby mitigating this public safety hazard. The fabrication and installation of bat gates and cupolas will also preserve bat habitat in abandoned mine workings. This will allow the public to have safe recreation opportunities on public lands administered by the BLM.

More Information

For more information on this project contact, Paul Misiaszek, Geologist, at (928) 718-3728 or paul_misiaszek@blm.gov; Catherine Wolff-White, Contracting Officer Representative, at (928) 505-1309 or cathy_wolff-white@blm.gov; or the BLM-Arizona ARRA Coordinator, at 602-417-9641.
